

## ***How to Choose the Correct Mailer.***

<b>Mailer Type</b>	<b>Major Benefits</b>	<b>Typical Uses</b>
Padded Envelope and Bubble Mailer	Cushioning protection against breakage	Small parts, office supplies, gift items, pharmaceuticals, books and videos
Corrugated Mailer	Rigid protection against bending or breaking	Photographs, CDs, circuit boards and other flat parts including diskettes
Utility Shipping Bags	Tough, yet lightweight to save on postage	Books, documents, clothing and other non-fragile items
Tyvek and Polyethylene Envelopes	Tear and water resistant, lightweight to save on postage	Documents, books, clothing and small parts
Fiberboard Mailers	Rigid, prevents bending	Photographs, certificates, documents and fragile items
Mailing Tubes	Sturdy protection, reusable	Oversized documents, blueprints and posters
Disk Mailers	Heavy duty, anti-static protection	Computer diskettes
